

冀教版 五年级上册

Lesson 21

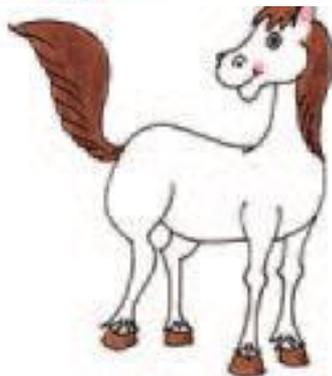

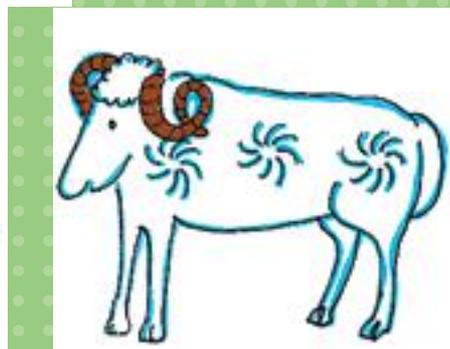

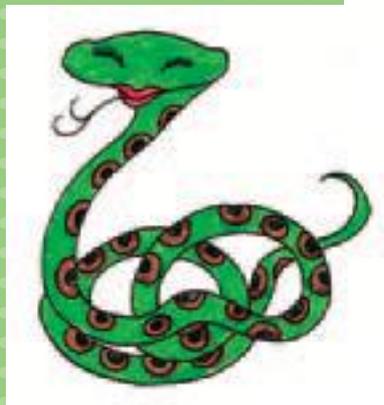

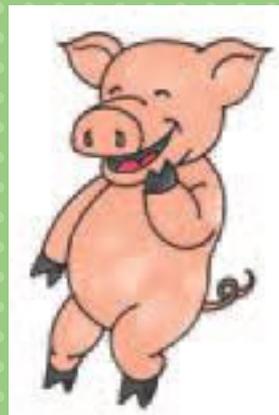

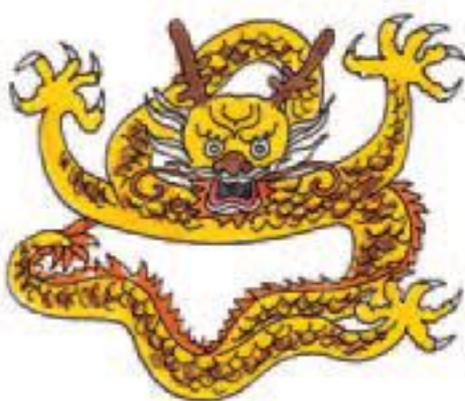

What Year Is It ?

Say the animals you know

In China, years have names. The names are animals.

Watch a movie and order it.

Let's match

The image displays a matching exercise with twelve cartoon animals and twelve ordinal numbers arranged in a circle. A red line connects the mouse to the number 'first'.

Animals (clockwise from top-left): pig, mouse, cow, tiger, rabbit, dragon, snake, horse, sheep, monkey, rooster, dog.

Ordinal Numbers (clockwise from top-left): fifth, sixth, first, third, eighth, seventh, tenth, fourth, ninth, eleventh, second, twelfth.

What is your year ?

My year is the year of the rat.

What is his/her year?

His/Her year is the year of the _____.

Pair Work.

Ask and answer with your friend.

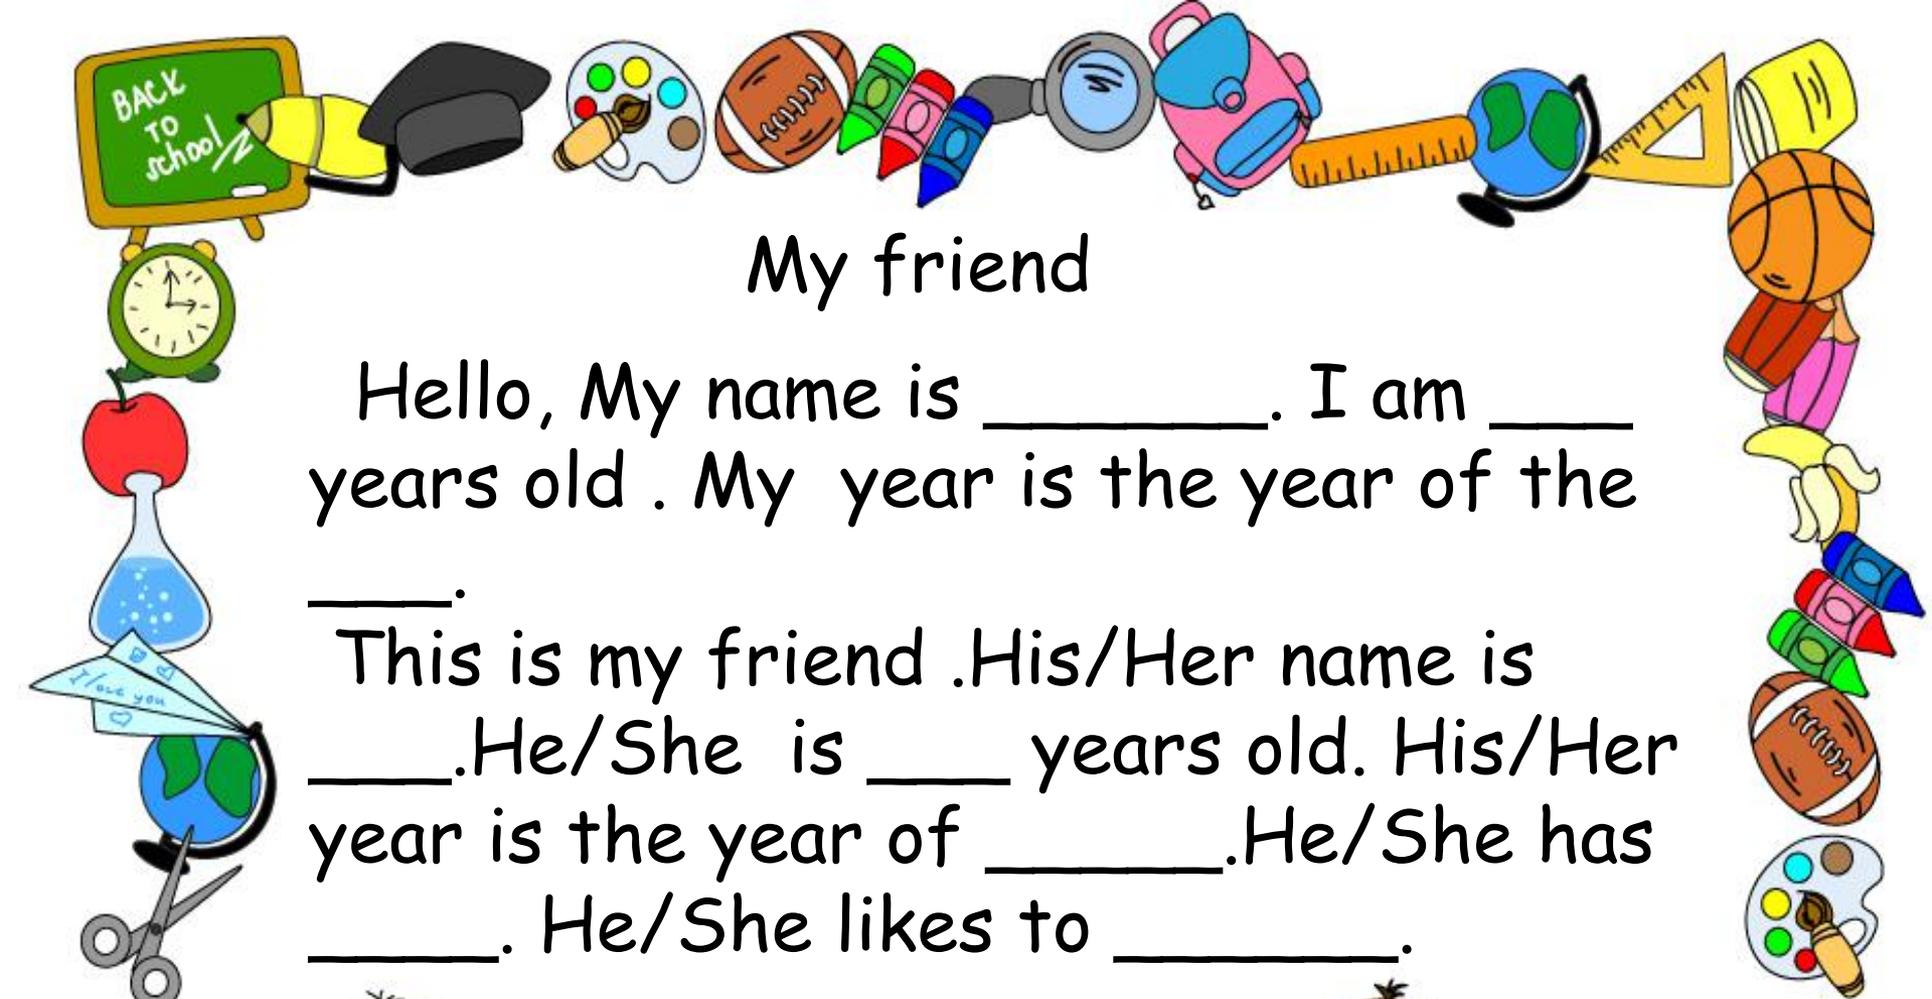

Group Work.

What is your year? What about your friends?

name				
age				
names of the year
