Why can't they come to the party?

STUDYING TIPS FOR TESTS

- ✓ Study as you progress through a chapter, instead of cramming for a test.
- ✓ Recognize when you are lost and seek help before a test.
- ✓ Review important graphs and other visuals when studying for a test, and then picture them in your mind.
- ✓ Study for a test with a friend or study group.
- ✓ Take a practice test.
- ✓ Think of mnemonic devices to help you, such as Please Excuse My Dear Aunt Sally, which is one way to remember order of operations (parenthesis, exponents, multiply, divide, add, subtract).
- ✓ Reread test questions before answering them.
- ✓ Check to see if your answer is reasonable.
- ✓ Think positively and visualize yourself doing well on the test.
- ✓ Relax during the test...there is nothing there that you have not seen before.
